DEFER

1. This memorandum contains a recommendation in paragraph 6 for the approval of the Director of Central Intelligence.

2. On 3 December 1959, the Career Council reviewed and approved draft Regulations [REDACTED]

25X1

25X1

[REDACTED] The Council also decided to seek your tentative approval of these regulations and of the programs for which they are intended before coordinating them with the President's Board, the Bureau of the Budget, the Kilday Committee, the Appropriations Committee, the House Post Office and Civil Service Committee, and the Comptroller General.

3. The regulations and handbook are attached under Tab 1. Under Tab 2 there is set forth "A Manpower Control Program for the Clandestine Services." This statement includes a review of the statistical materials that were presented to you on June 19th, and it proposes that the regulations cited above be applied to the solution of the problems that were described to you. Under Tab 3 there are attached three charts giving comparative data with regard to the separation allowance.

4. The needs of the Deputy Director (Intelligence) and the Deputy Director (Support) Career Services are very different from those of the Deputy Director (Plans). Colonel White would use the authority given in these regulations in effecting simple staff reductions as these are from time to time required. Mr. Amory sees no present need to use this type of authority, and it is true that he has no manpower control problem (Tab 4).

EXECUTIVE SECRETARY

6. Request tentative approval of Regulations and Handbook
